Programme Outline

This NPQEL Programme typically takes up to 21 months (18 months delivery and 3 months for assessment) to complete, during which time participants will follow the course cycle below:

- evidence-based online content to refresh and build knowledge, as well as exemplify what this looks like for your role and level of leadership.
- a formative assessment task to support your learning.
- a face-to-face seminar with a group of peers, facilitated by a serving school leader or Teach first Development Lead – you will analyse and reflect on the task and hear further examples of good practice.
- the opportunity to record reflections and consolidate learning.

This cycle repeats throughout the programme, with implementation a consideration in every course. Towards the end of the programme, you will also take a course focused specifically on effective implementation.
