

## WalkThrus with Tom Sherrington

**Resourcing | Training | Coaching | Connecting | Supporting**

SWIFT is delighted to be working in partnership with Tom Sherrington to provide schools with a unique, comprehensive WalkThrus programme. How do we develop our understanding of the best evidence-informing teaching strategies, capturing and communicating ideas to ensure colleagues have a shared understanding? WalkThrus explains the art and science of teaching in 5-step visual guides. Precise descriptions and engaging visuals give teachers direct access to the best techniques. The approach has gained WalkThrus a strong following nationally among schools and trusts. We wanted to provide schools with additional components that would support effective implementation of the WalkThrus approach.

### Discounted WalkThrus Subscription

The programme requires schools to have a full subscription to WalkThrus. This one-off fee includes training materials and a fully developed training programme. More information can be found [www.walkthrus.co.uk](http://www.walkthrus.co.uk) or through [Video Trailer](#). SWIFT have negotiated a special discount for members:
